ARTICLE 4P. Cars and equipment

According to the cross country technical regulations, cross country road rally FFSA championship.

4.3P Assistance

According to the standard FFSA regulations

4.6 Cars identification

According to the standard FFSA regulations.

4.6 Geolocation

The use of Geolocation must be seen as a compulsory security measure such as any other security device, harnesses or other. It is, therefore compulsory.

During the entire rally, cars MUST be equipped with a tracking device which will be given during the Technical scrutineering before the trial in exchange of a deposit of **200 euros** (cheque or cash).

This deposit will be returned at the return of the tracers, except in the case where the tracer is not returned within the indicated time.

In case of withdrawal, the tracers must be returned to the P.C. of the rally, or failing that, given to an official of the event. If this is not possible, the tracers must be returned by parcel the day after the test at the latest to the following address:

Sébastien DUFRENNE, 15 bis rue noire 62650 PREURES

The league commits to giving back this deposit even if the device would be totally destroyed or damaged in case of any **accident** during the rally.

Operating and rental costs are 10 € per car.

There is no need to provide connections, these trackers are self-powered for the duration of the rally.

During the entire rally, any team caught without the device or perforating the device's protection film will be sanctioned by the officials even leading to an exclusion.

ARTICLE 5P. PUBLICITY

The optional or obligatory advertisements will be communicated by an addendum bulletin during the administrative scrutineering.
